

# Classting Parent Consent Form

Dear Parents:

This school year, our class will be using Classting, a free and secure online learning platform (online classroom) for more effective class communication and a richer learning environment beyond the classroom. Classting is a tool strictly used for educational purposes, where access will only be granted to invited members. Teachers, students, and parents can easily access Classting online at [Classting.com](http://Classting.com) or by using a mobile device via the Classting app.

Student learning will be enhanced through Classting's features:

- Students can conveniently access learning content and study materials
- Both parents and students receive class notices highlighting due dates, upcoming tests, and important notices
- Teachers can upload assignments for students to complete and turn in on Classting
- Students may participate in class/group discussions
- Parents and students may privately communicate with the teacher using the Counseling feature (questions, concerns, etc.)
- When absent, students can keep track of homework
- Netiquette (online etiquette) is monitored by the instructor
- Students can create and organize their personal educational portfolios

Netiquette (online manners) is enforced on Classting:

- Students must use appropriate language and grammar. The website filters and blocks inappropriate language. In addition, a reporting capability is available for students to safely report inappropriate behavior/language.
- Bullying is not tolerated on Classting. School rules and consequences will be enforced.
- Students who violate the aforementioned rules are subject to disciplinary action and/or may lose the privilege of using Classting.

Students who violate the guidelines above may face disciplinary action and/or face losing the privilege of using Classting.

In order for your child to use Classting, he or she must have your permission, and you must read and agree to the Classting Terms of Service (TOS) and Privacy Policy (PP) on your child's behalf. These documents are available on the sign-up page of Classting. Classting takes the privacy and safety of its users seriously and is compliant with COPPA. Please note that these policies may change over time, so it is recommended that you should review them if/when you or your child receives a notification of an update.

You are also invited to sign up for a parent account to join your child's class on Classting ([www.classting.com](http://www.classting.com)). This is a great way to stay informed about assignments/projects, due dates, tests/quizzes, school events, and your child's school activities. Joining is as easy as entering your child's class code provided in the Invitation Letter.

Questions? A complete guide for parents is available at [support.classting.com](http://support.classting.com)

We at Classting thank you for supporting your child's education. Our goal is to provide a safe and engaging environment for students, where learning is a truly wonderful experience.

----- TEAR-OFF -----

I grant permission for my child (named below) to use Classting for educational purposes.
